Company Presentation

Dmitri Scheffer
FRANK GmbH, Productmanager

Maxime BOUDAUD
Représentant Technico-commerciale Secteur Ouest

FRANK

in figures

13
companies

1965

foundation

as engineering office by Ph. Frank
in Mörfelden-Walldorf

40
mio. EUR investments
in site expansions
(period: 2018 - 2022)

28
apprentices
(FRANK-group)

180
mio. EUR external sales / p.a.
(FRANK-group)

1
**leading
system provider**
in Europe

>8.000
customers

>600
employees
(FRANK-group)

2.
generation
(owner managed: Thomas Frank,
Dr. Christian Habedank)

FRANK-GRUPPE

EXPERTS WELL CONNECTED

HEADQUARTER

A **FRANK**
Mörfelden-Walldorf (1965)

PRODUCTION

B **FRANK KUNSTSTOFFTECHNIK**
Wölfersheim (1986)

B **AGRU-FRANK**
Wölfersheim (1991)

C **PF-Schweißtechnologie**
Alsfeld (1997)

D **RANDEX (FR)**
Voiron (2019)

E **DRS Rohrwerke**
Bautzen (2009)

F **TWS Goleniów (PL)**
Stettin (2009)

G **Kubra**
Oranienbaum-W. (2022)

A **WDS Welding**
Mörfelden-Walld. (2024)

H **FRANK**
Grüna (2024)

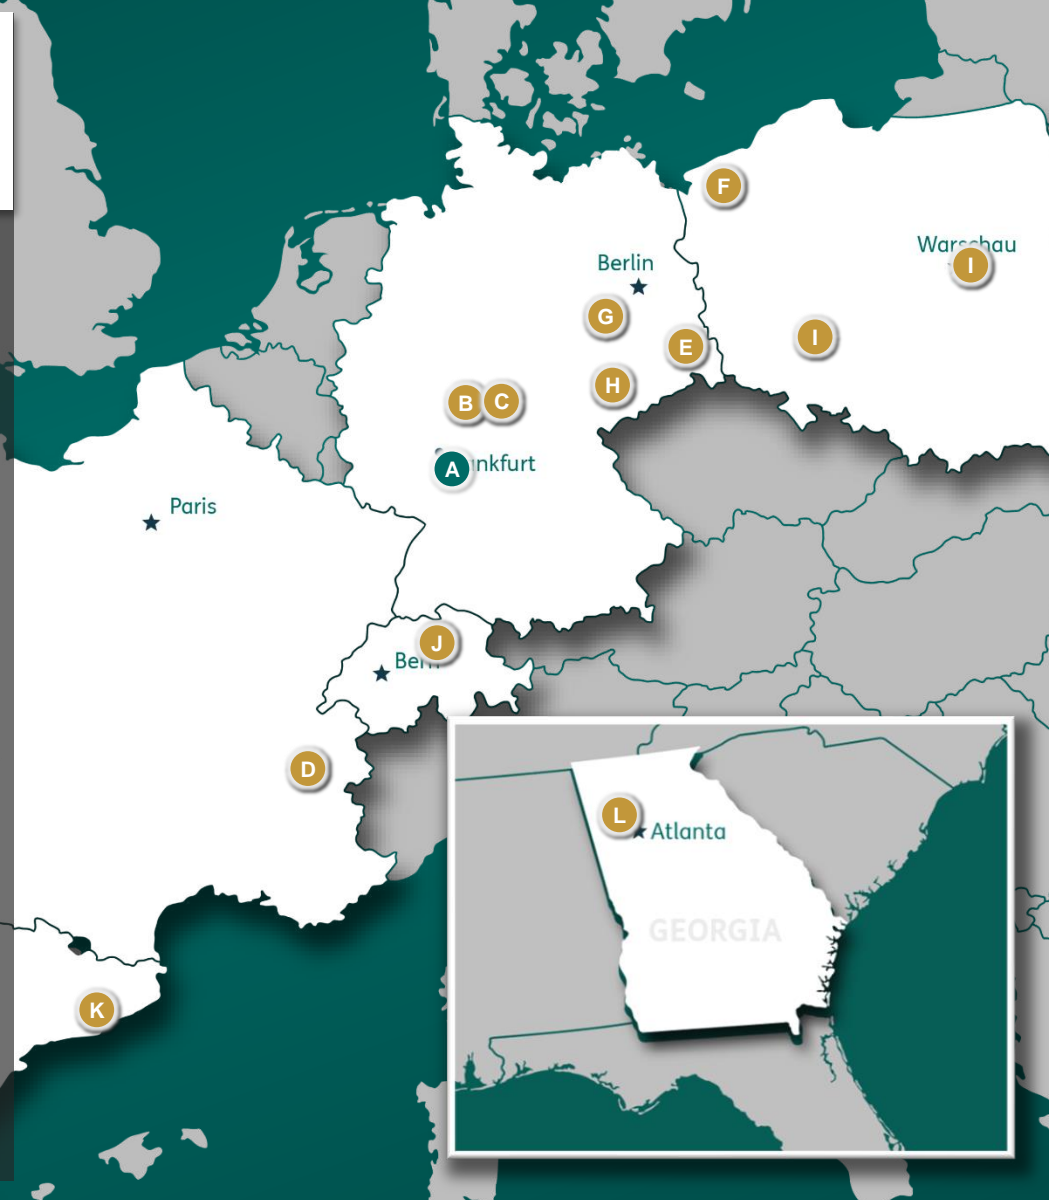

SALES AND DISTRIBUTION

I **AGRU-FRANK Polska**
Warschau, Wrocław (1994)

J **XORELLA-FRANK (CH)**
Wettingen (2000)

K **RANDEX IBERICA**
Barcelona (2019)

L **WIDOS LLC (US)**
Smyrna (2009)

Product range

Industrial piping systems

Valves / MCT

Semi-finished products

Energy
and water supply

Drinking
water storage

Geothermal systems

Welding technology

Sewage and Environment

Geosynthetics

H2ready Distribution Pipe Systems for up to 10 bar

Sureline and SurePEX

Sureline I

Made of PE 100-RC
single layer, coloured through

OD 32 - 63 mm

Sureline II

Made of PE 100-RC
multilayer, coextruded

OD 75 - 800 mm

Sureline III

Made of PE 100-RC
single layer with co-extruded
PP protective layer

OD 90 - 1200 mm

SurePEX

Made of PE-Xa
single layer, coloured through

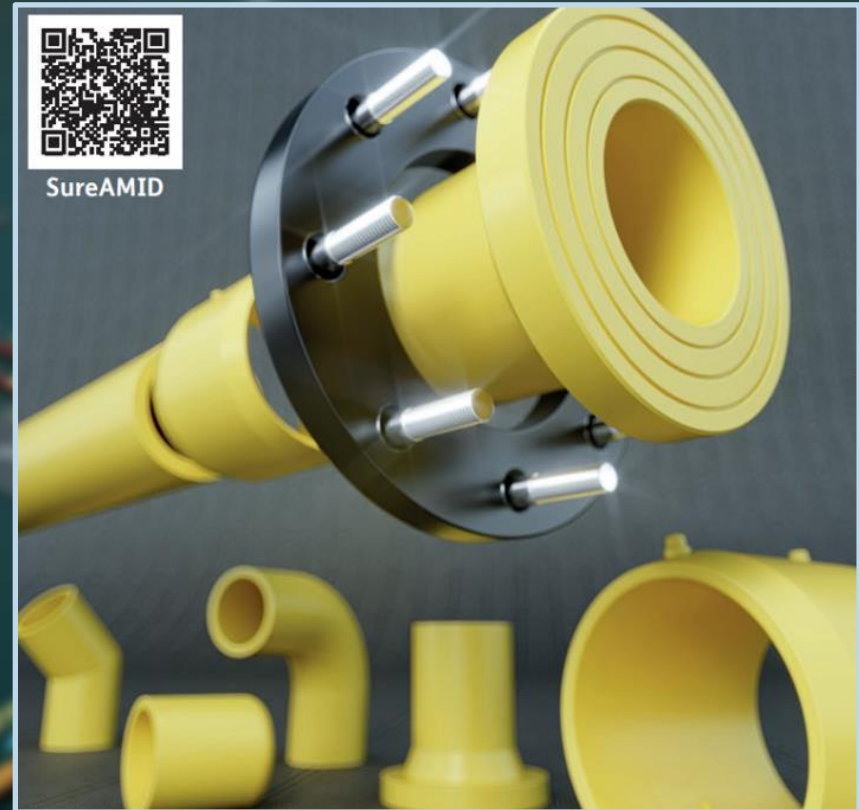

OD 20 - 160 mm

SureAMID high pressure gas piping system

Characteristics of Polyamide Pipe Systems

- Complete system available
- OD 110 and OD 160 mm
- Max. operative pressure 18 bar
- Certified (ISO 16486)
- Proven methods of joining
HS- & HM-Welding
- Toolless installation methods
 - Approved to sandbed free installation
- Does not require passive corrosion protection
- Recyclable material

Green Hydrogen

Products for Sea Water - Desallination & Process cooling

XXL Piping / Fittings / Customized parts

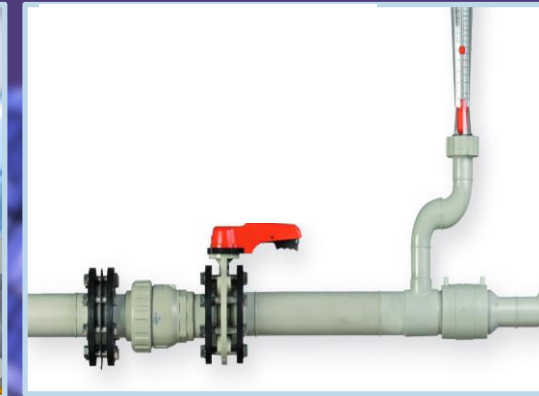

- Sea water intake and outtake lines with XXL PE large diameter pipes pressure pipes and spiral pipes up to DN 3500
- Fully pressure rated fittings up to 16 bar enable safe operation.
- For larger diameters segmented or machined fittings are available

Green Hydrogen

Products for DI water systems / KOH Transport and Storage

- PURAD PPpure and PVDF pipes, valves, and fittings
- Semi-Finished products for ultra pure water storage tanks
- PVDF semi-finished products, PP natural, PFA Semi-finished products, ECTFE Semi-finished products
- KOH storage with PP-Tanks out of spiral pipes with inliner
- KOH transport with PP-R pipes

Many thanks for your attention!

FRANK. Plastic in good hands.
